## Micro-Blaze

Contains a unique blend of wetting agents, nutrients, and nonpathogenic, spore-forming bacteria that is used to clean up liquid spills. Micro-Blaze is the #1 Bio-Safe cleaning agent and is 100% biodegradable. It's a non-corrosive product that is safe on all rubber, plastic, and metals, and is environmentally friendly.

P/N: TAS-MBELSC1-PRD 5 Gallon Pail | 45 lbs | Call for pricing

## K-Sorb

K-Sorb is a highly absorbent cellulose based product designed to absorb and control liquid spills in industrial settings. K-Sorb is manufactured from recycled cellulose fiber and is a non-carcinogenic, low dust, alternative to dry clay absorbent. Ideally suited for spill clean-ups on land because it can absorb 3 to 5 x its weight, 400% more absorbent than clay.

Absorption Capacities  
22 lb: 8 - 13 gallons | \$26.00

P/N TAS-KSORBU-PRD

## Cell-U-Sorb

FLOATS

Cell-U-Sorb is 100% cellulose that is biodegradable and made from recycled materials. It absorbs oil directly from the water and continues to float for easy removal. Cell-U-Sorb will not harm animals, plants, or marine life, making it the most effective absorbent for controlling spills in water.

20 lb bag | \$59.00

P/N: TAS-GS-25-PRD

## Nature's Broom

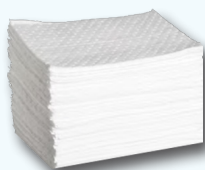

Nature's Broom instantly absorbs spills by using bio-based granules that encapsulate spills on contact. Nature's Broom effectively absorbs oils, fuels, anti-freeze, grease, and more. Nature's Broom uses micro-organisms that bio-remediate hydrocarbon into carbon dioxide and water.

.9 cubic ft | \$17.50

P/N: TAS-NBROOM-PRD

## Oil Only Absorbent Pads

**BEST SELLER**

Absorbent pads made from 100% polypropylene fibers and are hydrophobic. These heavy duty pads provide easy disposal and will incinerate to less than 2% ash. These heavy weight pads are 15" x 17" and absorb up to 19 gallons.

100 pads per case | \$50.00

P/N: TAS-P100-PRD

## Oil Only Absorbent Roll

Oil only absorbent rolls are made from 100% polypropylene fibers and are hydrophobic. These heavy weight rolls are ideal for larger jobs. Each roll is perforated so you only use what you need, when you need it. Each roll will absorb as much as 50 gallons of oil.

P/N: TAS-R144-PRD

1 Roll | 30 inches x 150 feet | \$109.00

## Oil Only Absorbent Boom

Excellent for containment and cleanup of marine spills and is UV resistant for up to 12 months. The oil only boom is comprised of heavy duty, spunbond sock and netting that is filled with 100% polypropylene particulate. Rope and clips are spun through the boom for easy handling and for attaching booms together. Each boom absorbs up to 32 gallons of oil.

P/N: TAS-B510-PRD

4 per case | 5 inches x 10 feet | \$99.00

## Universal Absorbent Pads

Universal sorbents absorb oil, coolants, glycols, solvents and water. Bonded sorbent is stronger, low linting and can be used with various spill elements. The universal pads are 15 inches x 17 inches and absorb more than 25 gallons.

P/N: TAS-UQ100-PRD

100 pads per case | \$72.00

## Universal Absorbent Roll

Each universal, bonded absorbent roll is perforated so you only use what you need, when you need it. Each roll will absorb more than 60 gallons, making it ideal for cleaning larger spills of oil, coolants, glycols, solvents and water.

P/N: TAS-UQ150-PRD

1 Roll | 30 inches x 150 feet | \$119.00

## Universal Absorbent Boom

Excellent for containment and cleanup of spills and is UV resistant for up to 12 months. Rope and clips are spun through the boom for easy handling and for attaching booms together. The Universal Absorbent Boom will absorb as much as 32 gallons of spilled liquids and is not limited to oil only.

P/N: TAS-UB510-PRD

4 per case | 5 inches x 10 feet | \$119.00

*All unit prices are based on pallet quantities*

**TAS 55 Gallon Spill Kit | \$299.00**  
 P/N: Spill Kit 55U-PRD 55 Gallon Universal  
 P/N: Spill Kit 55-PRD 55 Gallon Oil Only

**Contents include:**

- 55 gallon DOT approved drum
- (100) 15" x 17" sorbent pads
- (4) 5 inch boom
- (1) pair of goggles
- (1) pair of nitrile gloves
- (1) 6 mil drum liner
- (1) Spill Management Guide

**TAS 30 Gallon Spill Kit | \$249.00**  
 P/N: Spill Kit 30U-PRD 30 Gallon Universal  
 P/N: Spill Kit 30-PRD 30 Gallon Oil Only

**Contents include:**

- 30 gallon DOT approved drum
- (50) 15" X 17" sorbent pads
- (3) 5 inch boom
- (1) pair of goggles
- (1) pair of nitrile gloves
- (1) 6 mil drum liner
- (1) Spill Management Guide

**HOT ITEM**

**WATERPROOF**

**TAS Driver Spill Kit | \$179.00**  
 P/N: Spill Kit DRU-PRD Driver Bag Universal  
 P/N: Spill Kit DR-PRD Driver Bag Oil Only

**Contents include:**

- Driver Bag 24" w x 12" h x 12" d
- (20) 15" X 17" sorbent pads
- (2) 5 inch boom
- (1) pair of goggles
- (1) pair of nitrile gloves
- (1) 6 mil drum liner
- (1) Epoxy Stick
- (1) Spill Management Guide

## TRAINING

*Spill Kits can be customized to meet your specific needs*

Workplace safety and regulatory compliance present significant challenges to companies of all sizes. To help customers protect their employees and the communities they serve, TAS offers a number of training modules to improve safety procedures, increase compliance and mitigate risks.

### Haz-Mat

- OSHA 1910.1200 Hazard Communication
- OSHA 1910.120 Hazwoper
  - Annual Refresher, 8 hrs
  - First Responder Awareness, 8 hrs
  - Hazardous Materials Operations Level, 24 hrs
  - Hazardous Materials Technician Level, 40 hrs
  - Incident Command Training
  - Hazmat for Healthcare

### Specialized Training

- Awareness (Benzene, H<sub>2</sub>S, Lead)
- Fire Extinguisher Equipment
- Oil Spill Response - Facility
- Procedures for Transportation Workplace
- Drug Testing Programs
- Shipping Documents
- Boom Deployment
- Lockout/Tagout
- Forklift Operator Safety
- CDL Drivers Safety

### Advanced Training

- Highway Transportation Response, 24 hrs
- DOT 49 CFR Hazardous Materials in Transportation

### Medical

- Blood Borne Diseases/Response Cleanup
- Eye and Face Protection
- First Aid/CPR
- Personal Protective Equipment
- Repository Protection
- Hazmat for Healthcare

### Confined Space

- OSHA 1910.146
  - Confined Space Awareness, 8 hrs
  - Confined Space Operations Level, 8 hrs
  - Confined Space Refresher, 8 hrs

Training is offered at a TAS training center or onsite at the customer's location. For more information please visit [www.TASLP.com/services](http://www.TASLP.com/services) or call 888.654.0111.

**ENVIRONMENTAL SERVICES, L.P.**

TAS Environmental is the premier provider of industrial services and emergency response. Since our inception we've remained committed to three corporate tenants:

1. Provide unrivaled knowledge and service to become the customer's **provider of choice**
2. Expand our leadership position by delivering **best-in-class** performance in the areas of emergency response and industrial services
3. Ensure **flawless execution** remains instilled in our corporate culture

These simple principles, combined with our high standards of ethical practices, has helped us earn and maintain our *preferred vendor* status for the companies we serve.
